FALL 2019

The YIVO Institute for Jewish Research is dedicated to the preservation and study of the history and culture of East European Jewry worldwide. For nearly a century, YIVO has pioneered new forms of Jewish scholarship, research, education, and cultural expression. Our public programs and exhibitions, as well as online and on-site courses, extend our global outreach and enable us to share our vast resources. The YIVO Archives contains more than 23 million original items and YIVO's Library has over 400,000 volumes—the single largest resource for such study in the world.

LETTER FROM THE DIRECTOR

Dear Friends,

On July 6, 2019, I received an award from the president of Lithuania for YIVO's work in the preservation of the prewar Jewish archives of Lithuania through the Edward Blank YIVO Vilna Online Collections project. I was proud to accept this award because it acknowledged the excellent collaboration

between YIVO and our Lithuanian partners. Importantly, it recognizes the value of this work in helping to recover Lithuania's Jewish past that can provide a foundation for building the kind of multicultural, liberal, and democratic society that many in Lithuania wish for their country. Through this project and our numerous other projects and programs, YIVO is playing an increasingly visible role in the contemporary world of furthering the values of tolerance, openness, and liberal democracy. At a time when the forces of darkness are building around the world, this role is more important than ever. It is what political scientists call "soft power." It is the power of culture based on knowledge and historical truth. Preserving our traditions and our history preserves this power. Join YIVO as a member or donor and help us continue to be a force for good in the world.

REFLECTIONS ON YIVO's 2019 Ukrainian Jewish Literary Tour

by EDDY PORTNOY

YIVO's sold-out Saints and Sinners Literary Tour of Ukraine visited numerous sites of major Jewish figures throughout Ukraine, among them the good, the bad, and the ugly. Our intrepid scholar, Samuel Kassow, led the group of 23 travelers, providing a unique perspective on the lives and works of important Jewish writers in the very places they lived and worked.

Starting in Kiev at the Sholem Aleichem Museum, we saw artifacts and a presentation about the great Yiddish writer. We also visited the Vernadsky Library, home to one of the largest and most important collections of Judaica in the world. The library has hundreds of *pinkasim* (communal record books) and rare original recordings from Sh. An-ski's 1912 ethnographic expedition. Just outside Kiev, we stopped at Babi Yar, where approximately 33,000 Jews were murdered by the Nazis and their Ukrainian henchmen over two days in September 1941.

We visited the *shtetlekh* where Sholem Aleichem was born and raised—considered the birthplace of his literary craft—and the tombs of Hasidic master, Rabbi Levi Yitzhak, the founder of the Hasidic movement, the Ba'al Shem Tov, and Reb Nakhman of Bratslav.

In Odessa, once home to the third largest Jewish community in Europe, we walked to the homes of writers Isaac Babel, Hayim Nahman Bialik, Vladimir Jabotinsky, Mendele Moykher Sforim, and Sholem Aleichem, among others. We discussed their lives and works and read from their writings. Sam Kassow read Isaac Babel's description of Benya Krik's wedding in an Odessa courtyard – in the very courtyard in which it took place.

Participants got a taste of the richness of Ukrainian Jewish culture—from the saints to the sinners—all where it took place, where the smells and the tastes of life are still the same. ❶

REFLECTIONS ON YIVO's 2019 Lithuania & Poland Study Tour

by ELINA BLOCH

This June, travelers from the United States, Israel, and Australia joined YIVO's fourth annual Lithuania and Poland Study Tour. Noted historian Dr. Samuel Kassow took the participants on an unforgettable journey of historical and personal discovery. Being exposed to our recent past and seeing the places where the greatest tragedy in our history occurred was an unparalleled experience. Meeting the dynamic

young Jews rebuilding new communities and recognizing a past that we thought was obliterated was deeply moving. And hearing the voices of the Jewish Culture Festival, the largest Jewish festival in Europe, was a one-of-a-kind cultural pleasure.

In Lithuania, tour participants visited the National Library and the Central State Archives—YIVO's partners in the landmark Edward Blank YIVO Vilna Online Collections project, an international preservation and digitization initiative to virtually reunite YIVO's prewar library and archival collections located in New York City and Vilnius. We also attended the unveiling ceremony of the YIVO Commemorative Plaque at 18 Vivalskio Street, the site where YIVO's original building stood from 1933 until its destruction in 1944. In Poland, we discovered the remarkable treasures of Warsaw and Krakow, walked through the magical Białowieża Forest, and visited historical sites at Łódź and Lublin.

As Beryl Benderly, one of the tour participants, remarked: "They say that travel broadens, but I think that the trip we just shared did something different. It deepened—deepened my understanding of my shtetl ancestors and my sense of connection to the world they lived in and how it shaped me and all Jews." ❷

YIVO's Jonathan Brent Receives Lithuanian State Award

On July 6, 2019, the Cross of the Knight of the Order for Merits to Lithuania was conferred upon YIVO Executive Director and CEO Jonathan Brent by H.E. Dalia Grybauskaitė, President of the Republic of Lithuania. The award was given to Mr. Brent in recognition of his work in promoting cooperation between Lithuania and YIVO and for the preservation of the prewar Jewish archives of Lithuania.

The award followed an unveiling ceremony on June 20, 2019 of a plaque at the site where the original YIVO building once stood, at 18 Vivalskio Street, Vilnius, Lithuania (then: Vilna, Poland). The YIVO building was at the center of the Jewish scholarly world from 1933 until its destruction in 1944, after being ransacked by the Nazis. The plaque was installed to honor YIVO's contributions to both the Lithuanian and Jewish communities. ❸

YIVO Chief of Staff Attends Smithsonian Affiliates Conference in DC

In June, Shelly Freeman, YIVO's Chief of Staff, attended the Smithsonian Affiliates National Conference in Washington, DC. As well as mixing with Smithsonian affiliates and learning about the latest developments in museums and institutions across the country, Shelly met with several representatives from the National Museum of American History – one of the top three Smithsonian museums in DC.

As a result of those meetings, YIVO will embark on several exciting collaborations with the Museum including: participating in the Museum's *Entertaining America* 2021 exhibit and its monthly *Cooking up History* program. This will involve a live cooking demonstration by guest chef Joan Nathan of a recipe from YIVO's *Vilna Vegetarian Cookbook*. YIVO will also be a regular contributor to the Smithsonian *Folklife* magazine and there will be a YIVO concert inspired by the life's work of Ruth Rubin hosted by the Museum at a date still to be confirmed.

Horowitz Foundation Internship – 5 Years of Success

This summer marks the successful 5th year of YIVO's highly competitive internship program established by the Horowitz Family Foundation and aimed at training future Judaica librarians and archivists. Since 2015, YIVO has hosted interns from Germany, Austria, Poland, and the U.S. Internship alumni now work for the British Library, our own YIVO Institute, or are building careers as Jewish educators and scholars. In 2019, the Award was divided between three talented and enthusiastic recipients: Elana Weber (St. John's University), Joshua Johnson (Washington State University), and Yoav Varadi (Columbia University and Jewish Theological Seminary). 4

PROGRAM HIGHLIGHTS

Yiddish Anarchism: New Scholarship on a Forgotten Tradition

(JANUARY 20) Despite the importance of Yiddish anarchism to the histories of both the U.S. Left and the Jewish community, it has been largely forgotten and written out of historical scholarship. This conference, the first of its kind, highlighted emerging scholarship on the world of Yiddish-speaking anarchists. It brought together an interdisciplinary group of scholars whose research examines the origin, evolution, and contributions of Jewish anarchism in New York and beyond. Hundreds of people attended this conference, which was written about in the *Times of Israel*, *JTA*, and *Jewish Currents*.

and all the days were purple

(APRIL 9) YIVO celebrated the launch of *and all the days were purple*, a "ravishing" (*The New Yorker*) new album by YIVO's Director of Public Programs, composer Alex Weiser. The album features songs that set Yiddish and English poems to music and search for the divine while reflecting on the longing, beauty, and tumult of life. These new songs emerge in part from Weiser's encounters with Jewish music and Yiddish literary culture while at YIVO. *And all the days were purple* ranked on both the Classical Albums Billboard Chart and the Classical Crossover Albums Billboard Chart.

Carnegie Hall's Migrations Festival Comes to YIVO: The Musical Legacy of Eastern European Jews

(APRIL 10) Participating in Carnegie Hall's Migrations Festival, YIVO hosted an event to explore Carnegie Hall's musical program *From Shtetl to Stage*. Mark Slobin, acclaimed scholar of East European and American Jewish music, discussed a range of Yiddish theater songs, novelty numbers, concert music, and songs of social movements. Chana Pollack, archivist of *The Forward*, looked at how Jewish immigrants were offered a platform for entry into the American dream. Daniel Kahn, Eleanor Reissa, and Lorin Sklamberg spoke about the music they would perform in *From Shtetl to Stage*, and on the continued influence of Jewish music in today's musical culture. YIVO's participation in these programs was written about in *The New York Times*, *Forbes Magazine*, and *Tablet Magazine*.

Memory of the Past and the Battle for a Promising Future

(MAY 6) Catholic priest Father Patrick Desbois, founder and president of Yahad-In Unum, came to YIVO to speak about the organization's work identifying mass Jewish killing sites and collecting forensic evidence of the executions. Father Desbois discussed Yahad-In Unum's efforts to uncover genocidal practices around the world, gather testimony from Yazidi survivors of the ISIS crimes perpetrated in Iraq and Syria, and facilitate their difficult return to society by providing psychological and humanitarian aid.

State of the Jews

Location ► 14TH STREET Y,
344 EAST 14TH STREET, NYC

The opera *State of the Jews* follows Theodor Herzl in the last year of his life, as his efforts to secure a Jewish homeland become increasingly desperate. It includes scenes from the Sixth Zionist congress, in which Herzl proposes Uganda as a possible land for Jewish settlement, and Herzl's visit with Pope Pius X, in which he seeks the Pope's support for a Jewish State. Interwoven with this public historical narrative is the more intimate story of Theodor's conflicted relationship with his wife, Julie Herzl, and the toll his political views and activities took on their family life. The opera is written by YIVO's Director of Public Programs Alex Weiser (music) and Director of Education Ben Kaplan (libretto).
